The fair-sized crowd at Glenwood yesterday saw a decided reversal of pitching form. Aschenfelter, the erst-while star of the Helena pitching staff, was yanked after four hits in succession were made from his delivery in the first inning. Shader was also removed after seven hits for four also removed after seven hits for four runs had been gleaned from him Randy Ballinger seemed to have a reversal of form too, for he went into the box and held the Vigilantes to three hits and no runs for the re mainder of the game.

Wells, who succeeded Aschenfelter, was hit hard and often, as the box score indicates. The Canners' hits for the day totaled 19 for a grand total of 25 bases. Ellis, with four hits out of four trips to the plate, Jones with four out of five and Cobb with three out of four, led the Ogden attack E ery man on the team, with the e ceptions of Shader and Seabough, go at least one hit, and most of ther secured two or more. Thomas, who played first base with the Bolse team, plays second as if he had never been any place else. He participated in all three of the double plays yesterday and exhibited a

brand of second basing as is seldom, seen in this vicinity.

The lead see-sawed back and forth between the two teams but in the eighth inning Ogden salted the game away for keeps with three runs.

Helena started right off and got two in the first but the Canners evened up and went illto the lead in their half of the spasm. The Vigilantes got another in the third and one more in the fourth but Ogden tied it up

We know that Tuxedo is made of the BEST tobacco-rich, mellow, perfectly aged Kentucky Burley. None better can be bought, because none better is grown.

It is treated by the famous original "Tuxedo Process" for removing the sting and bite of the natural vegetable oils.

Tuxedo was born in 1904. Its first imitator appeared two years later. Since then a host of imitations have sprung up.
